

# ORBIT COFFEE - PREFLIGHT REPORT v1

Overall status: **PASS - FACTORY WHITE-INK DELTA APPLIED.** Only the back text White underbase was added. The front, process CMYK artwork, dimensions, bleed, and trim/dieline geometry are unchanged from v0.

| FILE           | VALUE                                               |
|----------------|-----------------------------------------------------|
| Production     | orbit-coffee_production_120x200mm_CMYK-WHITE_v1.pdf |
| Pages          | 2 - front, back                                     |
| Process / spot | DeviceCMYK + /Separation /White                     |
| Trim / bleed   | 120 x 200 mm / 3 mm each side                       |

| CHECK                  | STATUS | RESULT                                                                                 |
|------------------------|--------|----------------------------------------------------------------------------------------|
| Requested delta        | PASS   | Spot White added beneath back text only: ORIGIN, ROAST, NOTES.                         |
| White colorant         | PASS   | Back page contains /Separation /White at 100 percent tint.                             |
| White layer            | PASS   | Named OCG layer: White - BACK TEXT. No White resource exists on the front.             |
| Mask fit               | PASS   | 14204 glyph-mask pixels; one-to-one fit with 0 px choke/spread.                        |
| Front artwork          | PASS   | Front process-image stream, rendered pixels, and all page boxes match v0.              |
| Back CMYK artwork      | PASS   | Back CMYK process-image stream and composite rendered pixels match v0.                 |
| Size / bleed / dieline | PASS   | 120 x 200 mm TrimBox, 3 mm bleed, and 126 x 206 mm page are unchanged.                 |
| Color management       | PASS   | Original DeviceCMYK process art and embedded Generic CMYK output intent are unchanged. |
| White separation proof | PASS   | Dedicated back-only plate preview supplied; black represents 100 percent White.        |

| WHITE GLYPH | MASK BOUNDS (PX, TOP ORIGIN) | PIXELS |
|-------------|------------------------------|--------|
| ORIGIN      | [233, 1043, 421, 1083]       | 5081   |
| ROAST       | [235, 1291, 414, 1331]       | 4476   |
| NOTES       | [235, 1493, 413, 1533]       | 4647   |

White construction note: exact raster glyph mask, 100 percent spot tint, no trapping, spread, choke, or unrelated white coverage added. Cyan appears only in the proof overlay; it is not a production color.

Report version v1 - generated 2026-08-24 - factory delta only
